Fabric Compliance:

CA-43 FR PVC/Polyester
CGSB 155.20 Par 7.1.1 Flame Resistance - Pass
FTMS 191 A 5903.1 Flame Resistance - Pass
Recommended for "Momentary Protection from Open Flame"
Complete test results are available on request.
Chemical Resistance Guide is available on our website.

The CA-43™ chemical & acid resistant fabric features a specially formulated Flame Retardant PVC coating on Polyester in an identifiable Kelly Green colour. This unique fabric is tough and durable while offering protection from most chemical & acid exposures. Garments are assembled utilizing a leak proof RF welded seam ensuring that harmful materials stay out.

Ranpro Guarantee

If any garment fails due to faulty materials or workmanship, Ranpro unconditionally guarantees to replace or repair it.
