

DEFENDER®

FR WATERPROOF OUTERWEAR - LEVEL 1

**DEFENDING YOU
FROM THE ELEMENTS!**

J155 345H

J155 310

Ranpro's Defender® line of FR Waterproof Outerwear features the next generation of performance fabrics. A unique Polyurethane and PVC blended coating on a knitted Polyester substrate ensures that Defender® will provide you with the ultimate in protection in extreme wet environments. This material offers an improved resistance to oils, cold and abrasion extending the life of the garment. When performing strenuous activities, the knitted substrate will stretch and move with you allowing you to perform your job with less stress.

Defender® is available in High Visibility Fluorescent Orange and is Flame Resistant for added protection.
