# PUROFORT+

Warm, Light, Durable and 100% Waterproof

**FEEL THE DIFFERENCE**

As with all of our Purofort boots, polyurethane provides:

- flexibility even at low temperatures
- outstanding thermal properties
- impact and shock resistance
- chemical resistance
- 100% waterproof
- 35% lighter than conventional boots
- durability - up to 2-3 times longer

All of these properties come together to provide the ultimate in comfort. But don't just take our word for it. Try them for yourself and feel the difference!
