FEEL THE DIFFERENCE

Experience "all day comfort" with Purofort Professional boots!

As with all of our Purofort boots, polyurethane provides:

- flexibility even at low temperatures
- outstanding thermal properties
- impact and shock resistance
- chemical resistance
- 100% waterproof
- 35% lighter than conventional boots
- durability - up to 2-3 times longer

All of these properties come together to provide the ultimate in comfort. But don't just take our word for it. Try them out for yourself and feel the difference!
