FLX®

WATERPROOF OUTERWEAR - COMFORT SERIES

J152 320

**SUPERIOR WET
PROTECTION APPAREL**

The FLX® line of wet protection offers durability, comfort and protection at an affordable price. FLX® garments are made using a tough and durable 12 oz fabric that features a PVC/Polyurethane blended coating that is adhered to a knitted polyester base fabric. The knitted fabric provides a stretchy comfortable feel that "flexes" as you move and won't stick to you in warm weather.

P152 028

J152 300NP

The FLX fabric's blended coating increases the resistance to abrasion, petro-chemicals, petroleum and fish oils while remaining soft and comfortable at low temperatures. Thanks to the Hi-Viz orange colour and the reflective 3M™ Scotchlite™, you will be seen day or night.
