

RAINSHIELD®

WATERPROOF OUTERWEAR - GENERAL INDUSTRY

SHIELDING YOU FROM THE ELEMENTS

J24 280

Ranpro's Rainshield® waterproof outerwear is tough, durable and most importantly, watertight. Constructed from an abrasion and tear resistant PVC/Nylon double-coated fabric, it will ensure that you can work hard all day and then easily clean your garments inside and out.

P24 028

The Safety Yellow colour provides excellent visibility while the addition of an anti-fungal treatment means that the fabric will resist odour from excess perspiration.

When you need to be shielded from the elements, choose Rainshield®!
